Subject: RE: just wanted to say hi. we havent spoken much lately, and idont want to hurt you anymore. although,

You don't want to hurt me anymore? That's very funny. You just want me to ignore your fucked up behavior that's what you want.

Save it. I have had it with your lies. You only tell the truth when I back you into a corner, as always. You said you were at your parents when i asked where you were. Then when you realized that I know you were not there, you changed your story. And like JJ won't lie for you? you must think I am the stupidest person on the earth. I don't believe anything you say. Did you actually ever count the number of times you have fucked around on me? I am such an asshole for staying as long as I did.

As far as Jane is concerned, I have asked her multiple times to hang out/go out with me in the past months. She has always turned me down. So Fuck her and she wants to be friends with me. Thats is a bunch of shit. we were away and you and her were texting your little hearts out. You can have any fucking bitch you want call/text you at this point. it just makes me mad, so continue on... I hope it makes you happy to fuck with my job the way you are. What goes around comes around remember that.

I am putting the house bills in my name. I want to know what you are doing about the truck. I gave you the options the other day. Pick One.
